the
TASCA Tally

FROM THE BOARD

A Board of Directors meeting was held on April 7, with 8 board members and approximately 20 TASCA members in attendance. Topics of discussion included:

- Finding a suitable location to rent temporarily should the necessity arise
- Identifying various parcels of land that would be suitable for building purposes
- Identifying current buildings in Tyler for 24-36 month lease with TASCA financing the required modifications
- Working further with Hospice of East Texas towards a possible partnership—bottom line of HOET providing a long term land lease and TASCA funding a building
- Mounting a Capital Campaign to raise money to fund building efforts
- Start out by operating a 'bare bones' facility, adding benefits and improvements as we go
- Increase dues

Great discussion was generated by everyone in attendance, with suggestions, ideas and various options being offered. The Board thanked everyone for coming and offering their concern and support in trying to work together to identify the best solution to our current dilemma.

The Board again met on April 20 to review progress and decide on the next steps to be taken in moving forward with relocation efforts. Topics of discussion included:

- Board members provided information received from a previous meeting with a local builder regarding a general idea of plans, costs, timeframes, etc.
- It was decided a Letter of Intent would be prepared and sent to Hospice of East Texas outlining what TASCA would like to see in a future partnership.
- Locations of buildings currently available for short term lease or purchase were presented.

TASCA continues to work toward a solution that is a win-win situation for the organization and all members. Information regarding the progress will be provided in the monthly newsletter. We welcome everyone's thoughts and constructive input as we go along.

TASCA OFFICE HOURS

(903) 565-4445

Monday, Wednesday & Friday

9:00 AM—1:00 PM

Tuesday & Thursday

12:30 PM—2:30 PM
